Committee name:	Technology
Main contacts:	Committee Chair: Barry Fisk 847-224-5204 bfisk8@comcast.net
	Webmaster: Scott Lindstrom 847-202-8258 sclind1163@sbcglobal.net
	New Website Design: Monica Fiedler monika1@sbcglobal.net
General committee information:	The Technology committee manages telecommunications, technical office equipment, software, and website communications.
Areas where we need the most help:	1. Graphic Designer for the new website. 2. Someone to assist with regular PC maintenance.
Want to start getting involved but are not sure where to start?	email Barry Fisk bfisk8@comcast.net
Want to sign up for a job that you can do on your own time schedule?	We are always open for people with ideas who want to contribute to the committee.
Want to sign up for a job that is a one-time event and not on-going?	Most everything we do is a one time event that may take a week or two to complete.
TASKS	DESCRIPTION OF TASK FREQUENCY/TIME COMMITMENT/SKILL REQUIRED
Website Design	We are looking for people with Wordpress experience or could learn Wordpress. We also have a need for someone who is a graphical designer who can help us with the new web branding.
Computer Hardware Specialist	Computer oriented people who have technical knowledge in the setup and maintenance of pc equipment and operating systems. This includes printers, servers, virus protection/internet security, PC programs/applications. Respond to requests for information and assistance. Time commitment: TBD (historically 1-2 hours per month)
Social Media	We are looking at innovative ways to integrate our web site with Facebook and Youtube. Talk to Larry Mohr who is looking to consolidate these efforts.
